Dear Michael:

Re: Bayshore Town Center, LLC ("Bayshore")
FID No. 241492130

Pursuant to your request, I enclose copies of the documents whereby ownership of the property on which the eastern parking structure is located, as well as the roadways, were deeded to the City of Glendale. The transfer occurred pursuant to a condemnation proceeding, and the awards by which the parking structure and roads were conveyed are enclosed.

Also, in response to your question, there is no present intention to re-deed the properties so as to put the ownership on one deed. The present intention is to stay with the three deeds that I had previously forwarded to you.

Please do not hesitate to contact me with any further questions. Thank you.

Yours very truly,

John M. Van Lieshout
