**Subject:** RE: Interim Action Report, Kaukauna DPW, 222 W. Third Street, Kaukauna

Paul,

I have reviewed the submitted interim action report and have determined the DNR cannot issue a "no further action" determination at this time, for the reasons outline below:

- The residual soil contamination at the site will require a continuing obligation to address future management, per NR 726.15(2)(b).
- Potential impacts to groundwater at the site will need to be evaluated, per NR 716.11(5)(3).

I will also need to get some internal DNR clarification on the vapor mitigation system. I suspect closure will require analytical data to confirm its effectiveness and maintenance of the system will be a continuing obligation.

If you have any questions or wish to discuss further, please feel free to contact me at any time.

Thanks,
Dave

Hello Dave
On behalf of The City of Kaukauna Department of Public Works (DPW) and our Client Environmental Services Plus (ESP), Kaukauna, Wisconsin, GEI Consultants, Inc. (GEI) is providing this summary of environmental services completed for the recently constructed Cold Storage Facility and the DPW building addition located at 222 West Third Street in Kaukauna.

On behalf of the City of Kaukauna, we are requesting a no further action determination consistent with requirements of Chapter NR708.09, Wisconsin Administrative Code.

Please contact us if you have any questions regarding the report, or if we can provide additional information to facilitate your review.

Thank you.  -Paul
