

Date 12/13/2001

Facility Name BEN A. WINTON

Receiving Water MELIUS CREEK, SHEBOYGAN CO
WIBC =

Evaluated by WAWRZYN, WILLIAM

This stream classification is not included in the revised code because (select one):

The discharger is no longer at this location.

A new classification has resulted in a full fish and aquatic life designation.
New survey date 12/13/2001 Please provide copy of new classification report.

This receiving water should be added to the database and to the code. Specify information, as it should be included in code.

FACILITY IS NOW OPERATED AND OWNED
BY WI DEPT. OF NATURAL RESOURCES AS
KELLE MORAINE FISH HATCHERY, MELIUS
CR. IS A CLASS II BROWN TROUT STREAM
PER THE "Blue Book - Wisconsin Trout Streams"
PAGE 6-3600 (80)

Other (please explain)

BEN A. WINTON

TROUT HATCHERY

Adell - Sheboygan County

The spring which is the source of Melius Creek is located on the Winton property. The flow runs through the hatchery area and splits into three parallel sets of tanks with aerators. The three flows converge to a large pond with an aerator. The pond empties into Melius Creek. Below the hatchery, the stream has a definite bed, good flow, and riffle and pool areas.

Recommendation:

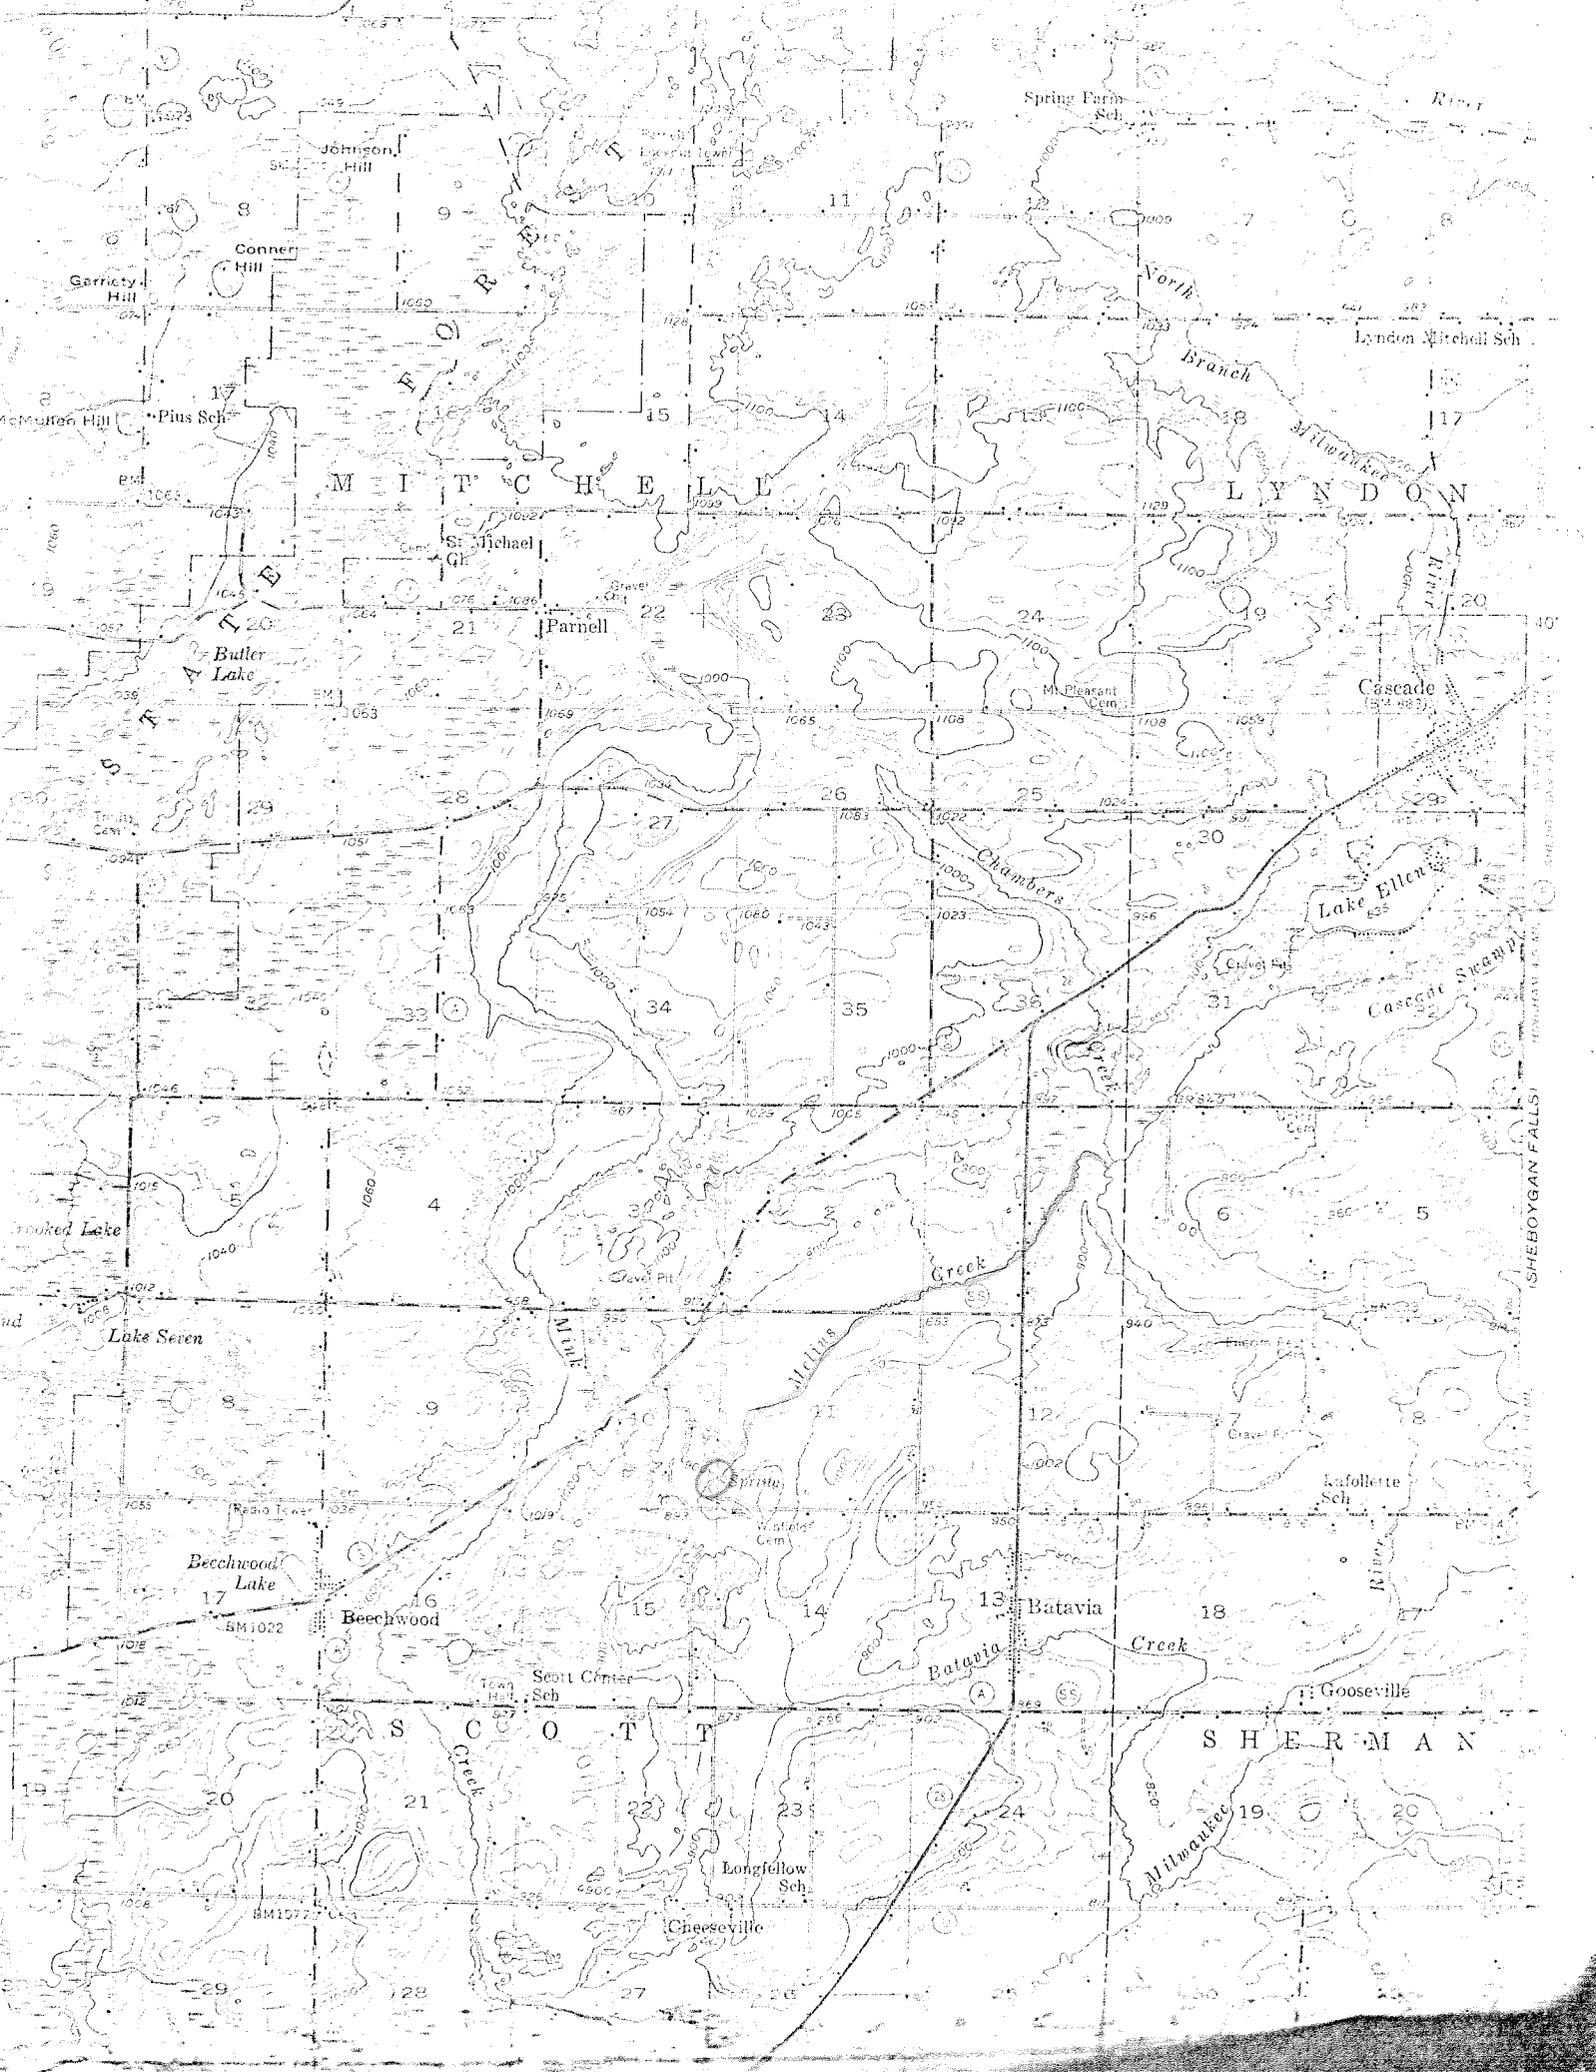

Continuous, fish and aquatic life.
