Subject: RE: Semi-annual progress reports

Since Volk field is a government site, and the work is government to government, are the semi-annual reports required.

If they arnt I'll get the reports uploaded within the next couple weeks.

Josh

Josh,

Please take a look at the attached email from 2015, which was distributed when the semi-annual progress reporting was first being required. It's the best information I can find about how to submit the reports. If you are still have questions, let me know. Thanks.

We are committed to service excellence.

Subject: Semi-annual progress reports

Mae, good afternoon. I received the following notifications for submittal of semi-annual progress reports associated with TS509 and TS510 at Volk field. We are currently scheduled to sample both sites next week and submit an RI Addendum Q1 2018. I believe this notification process is new and I am just wondering if you need something formal submitted to satisfy the notification.
