

# Citizen Resolution # 090122

(For Hearing Officer completion)

## Chippewa River/Lake Wissota Daily panfish/crappie bag limit decrease

Panfish/Crappie are highly sought after throughout the Lake Wissota/Chippewa River system and its tributaries. A decrease in the daily bag limits would be greatly beneficial for maintaining and growing the panfish population throughout the system. Decreasing the bag daily bag limits will protect, improve the population and increase future opportunities for successful fishing within the system.

**Would you support a decreased daily bag limit implementation of minimum length limits for the Lake Wissota section of the Chippewa River and its tributaries?**
