

Citizen Resolution # 132822

(For Hearing Officer completion)

Plant and conserve wild rice on and around the Wisconsin river*

As a Wisconsin waterfowl hunter I'd love to see habitat improvement for our ducks and geese. I've noticed from year to year specifically in the Sauk county region in the back waters of the Wisconsin river that wild rice is getting less and less abundant. I hope with the planting and wild rice and conservation of it we could see improved habitat for our waterfowl leading to strong migration and happy hunters. Thanks you - Wyatt

Do you believe wild rice plays a big roll in our waterfowl and if so could we work with ducks unlimited and the WI DNR to improve our habitats

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
