

# Citizen Resolution # 220422

(For Hearing Officer completion)

## **Preserve Mississippi Morel mushroom growth and harvest availability.**

Preserve morel growth, and harvest availability. Morel Mushrooms are one of the most prized, wild, edible mushrooms in the world. Morel mushrooms have been harvested throughout the bluff country adjacent to the Mississippi River for many years. The forests of this area have been known to produce the finest morels available due to the high levels of limestone.

### **Would you support preserving Morel growth and harvest availability along the Mississippi River in Wisconsin?**

**Grant County**

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
