

Citizen Resolution # 240622

(For Hearing Officer completion)

Restrict Lead Fishing Tackle in Wisconsin

It's important to look at this as a preventable issue. Limiting the amount of small lead sinkers and jigs would help reduce stress on breeding loons and increase the health of the ecosystem. Many alternatives to lead tackle are available, including tungsten, tin, iron, and others. The cost of replacing small lead jigs and split sinkers would be nominal for most anglers.

Do you support the WCC working with the DNR, the Natural Resources Board and our state legislature to implement a limitation on lead jigs and sinkers weighing 1oz or less? Limitation could be phased in over time.

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
