

Citizen Resolution # 370322

(For Hearing Officer completion)

Creating quality deer hunting areas throughout the state

Citizen opinion on the quality of WI deer hunting varies greatly from excellent to terrible depending on who is asked. Some hunters consider seeing numerous deer in a given season a quality hunt while others focus more on shooting a big buck. The DNR and NRB are constantly working at creating better hunting for all involved. One thing that has not been done in WI is the creation of areas with limited access (such as draw units in western states) or weapon specific areas (most likely primitive archery or primitive muzzleloader) to create a more quality hunting opportunity. Areas like this would allow for a quality hunt for numbers of deer and have the potential for older deer (bigger bucks). I believe that the creation of multiple areas with limited hunter access and/or weapon specific areas could greatly increase quality hunting opportunities in WI.

Would you support the creation of "Quality Hunting Areas" throughout WI with limited hunter access and/or primitive weapon restrictions?

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
