

# Citizen Resolution # 412422

(For Hearing Officer completion)

## Request the Conservation Congress to approve all Advisory Committee Meeting Minutes

The Conservation Congress currently does not provide for advisory committees meeting agendas with the opportunity for past meeting minute approvals by committee vote. By improving this process through the Conservation Congress following the Roberts Rules of Order will help accurate approved information for the Congress and its committees as a whole to make and provide important concise information when advising the NRB.

**Do you support and request the Conservation Congress to add to all committee meeting agendas an area for committee members to discuss and vote on approval of past meeting minutes before posting said minutes online?**
