

Citizen Resolution # 412822

(For Hearing Officer completion)

Updating the Wisconsin Wolf Management Plan

The wolf management plan should be updated to consider the importance of wolves to the ecosystem. The plan should be science based and consider non-lethal ways of managing wolf conflicts such as the use of herd guard dogs. The plan should be updated, even though the wolf is currently under ESA protection

Would you support the Wisconsin Department of Natural Resources updating the current Wolf Management Plan to reflect the number of wolves needed to sustain a healthy wolf population and the use of non-lethal alternatives for mitigating wolf conflicts.

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
