

Citizen Resolution # 581222

(For Hearing Officer completion)

Term Limits for WCC Advisory Committee Members

When a Wisconsin citizen submits a resolution at the April WCC Spring hearing and if it passes at the county level, the resolution is then assigned to one of the 24 advisory committees where it will either be moved forward or rejected. The WCC advertises the citizen resolution component of their spring hearings as a unique opportunity to partake in their democratic process. Too often Wisconsin citizens participating in the resolution process feel disenfranchised as their resolutions, supported by most of their own county citizens, may be immediately rejected by their assigned Advisory Committee with no honest discussion. In the case of wildlife resolutions, if it does not increase hunting or trapping opportunities it has a slim to zero chance of being advanced onto statewide questionnaire. A resolution which addresses fair chase/ethical hunting issues and is factually correct deserves impartial consideration. Currently, WCC Advisory Committee members can serve indefinitely with no term limits. A limit of 4 years for Advisory Committee members would open these seats to a more diverse group of interested parties, allowing sportsmen/women and non-consumptive users alike a greater opportunity to have a non-biased review of all processes, including citizen resolutions.

Do you support the Conservation Congress working with WI DNR to limit Wisconsin Conservation Congress Advisory Committee members to serving a maximum of 4 years?
