

Citizen Resolution # 630722

(For Hearing Officer completion)

Youth trapping incentive program Resolution

Fewer youth are learning to trap or carrying on the Wisconsin trapping legacy, Fur prices are at all-time lows, and costs at all-time high. There is little financial incentive to trap or learn trapping , other than contracted nuisance control and home use of furs and pelts. Traditional management like trapping to control nesting predators for the benefit of game and songbirds is no longer attractive.

Would you favor that the WCC advocate and advise the Wi. DNR, The DNR Board, and the Wi. Legislature to implement a youth and first-time trapper bounty program targeting control of egg/nesting predators like skunk and opossum?
