

# Citizen Resolution # 690123

## Antlerless only youth hunt every other year

With the concern that the crossbow hunt is taking more deer and the fact of how many bucks were trophy is unknown, an every other year antlerless opportunity would be good.

Many areas of the state have an abundance of young deer. Bucks do not get the chance to mature, and hunter opportunity so bag a "Trophy" are increasingly small.

This resolution would get a feel how the public feels on this issue.

With the County Deer Advisory Councils process changing this upcoming year, 2023 from two meetings, a preliminary and final, to a single meeting. Having this change may restrict public input. Allowing the every other year antlerless youth hunt would work to maintain the deer population.

### Would you support antlerless only, every other year, during youth hunt?
