

# Citizen Resolution # 690623

## Senior hunt to run concurrent with youth hunt.

Currently The Youth Deer Hunt is in early October. Conditions are favorable and bucks are starting to prepare for rut. The youth deer hunt allows youngsters to hunt and gain valuable experience without competing against adults.

Adding an opportunity for seniors to hunt earlier season with youth, often their grandchildren, and bag a deer is priceless. Allowing seniors, 65 years of age and older, opportunity to avoid adverse weather November often brings is a win-win. Having the opportunity for Grandparents to teach hunting to the youth would reach and encourage more youth involvement to hunting as well. Seniors would be able to teach the youth scouting for the hunt.

The earlier opportunity for seniors to hunt would be safer as a result. Safer with respect to adverse conditions November often brings. Less stress on the human body. Most seniors do not have luxury stands to sit in to avoid the elements.

Allowing senior hunters the opportunity to engage their grandkids and great nieces and nephews to educate them of the comradery and joy of hunting would be exciting.

**Would you support a senior hunt to run concurrent with existing youth hunt for ages +65 years?**
