

Citizen Resolution # 720422

(For Hearing Officer completion)

extending beaver season

beaver populations can increase very quickly, causing problems for townships, counties and landowners by building dam and cutting trees where they are wanted.the season use to be 4-6 weeks longer depending on location.low prices for pelts can idecrease the number of beaver trapped, causing beaver to expand into unwanted areas.fur trappers can remove unwanted beaver for free during open season rather than paying the trapper hundreds of dollars during the closed seasonbe it resoved that the NRB,WDNR,WCC work together to increase the season lenth,2 weeks in fall and 4 weeks in the spring .

would you support having a longer beaver season

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
