Dear Mayor Pfaff and the Fitchburg Common Council,

We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult with the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out Uptown and the North McGaw Neighborhood to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.

Dear Mayor Pfaff and the Fitchburg Common Council,
We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult with the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out Uptown and the North McGaw Neighborhood to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.

Dear Mayor Pfaff and the Fitchburg Common Council,

We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult with the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out Uptown and the North McGaw Neighborhood to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.

Dear Mayor Pfaff and the Fitchburg Common Council,

We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult with the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out Uptown and the North McGaw Neighborhood to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.

☐ Attend the potluck and community meeting on Sunday, Oct. 27, from 4:45 to 7p.m., upstairs at the Fitchburg Public Library, 5530 Lacy Rd. (Bring a dish to pass and your place setting. You must be in the building before 5 p.m., when the outside doors lock.) We'll be done before the 7:30 p.m. Packers game!

☒ Write to Mayor Pfaff and your two alders. Visit the Fitchburg city homepage and click on *Address Information* on the left to find your alders and their contact info. Or, you can call the city clerk at 270-4210.

☐ Participate in a small group meeting with Mayor Pfaff and/or your alders.

☐ Write a letter to the editor to let more people know about this issue. Check which newspaper you will write to: ☐ WI State Journal ☐ Capital Times ☐ Isthmus ☐ Connect Fitchburg ☐ Other _____

☐ Make a donation to the West Waubesa Preservation Coalition. ☐ \$50 ☐ \$25 ☐ \$15 ☐ Other _____

☐ "Like" the WWPC on Facebook, and follow us @WestWaubesa on Twitter!

Please return both halves to the West Waubesa Preservation Coalition, P.O. Box 259525, Madison, WI 53725-9525.

Dear Mayor Pfaff and the Fitchburg Common Council,

We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult with the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out Uptown and the North McGaw Neighborhood to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.

Stop Leapfrog Development in Fitchburg's Northeast Corner

Dear Mayor Pfaff and the Fitchburg Common Council:

We, the undersigned residents of Fitchburg, WI, urge you to retract your decision to create an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood."

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, to be finished by April 2013
- Consult with the soon-to-be-released housing market survey commissioned by the Capital Area Regional Planning Commission
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development
- Build out the Uptown and North McGaw Park Neighborhoods to 75% capacity
- Do an analysis of whether a need for development could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa and its wetlands and the Northern Pike hatchery

Stop Leapfrog Development in Fitchburg's Northeast Corner

Dear Mayor Pfaff and the Fitchburg Common Council:

We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out the Uptown and North McGaw Park Neighborhoods to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.

Stop Leapfrog Development in Fitchburg's Northeast Corner

Dear Mayor Pfaff and the Fitchburg Common Council:

We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out Uptown and the North McGaw Neighborhood to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.

Stop Leapfrog Development in Fitchburg's Northeast Corner

Dear Mayor Pfaff and the Fitchburg Common Council:

We, the undersigned residents of Fitchburg, WI, urge you to not submit an Urban Service Area Amendment application for the rural area known as the "Northeast Neighborhood" at this time.

Before you start up the development process, we urge you to complete these tasks:

- Consult with the new Dane County groundwater model, expected to be finished by October 2013.
- Consult the recently-released housing market survey commissioned by the Capital Area Regional Planning Commission.
- Have an approved plan for how to provide and pay for adequate fire and EMS protection for the new development.
- Build out Uptown and the North McGaw Neighborhood to 75% capacity.
- Do an analysis of whether development needs could be achieved through infill or redevelopment, before destroying farmland and risking damage to Lake Waubesa, its wetlands, and the natural Northern Pike hatchery.
