Thomas Favour, Executive Director
Dane County Regional Planning Commission
Room 523, City-County Building
Madison, WI 53709

RECEIVED
JUL 26 1991
DANE COUNTY REGIONAL
PLANNING COMMISSION

RE: Central Urban Service Area Amendment

Dear Mr. Favour:

The Village of McFarland requests the RPC to schedule a public hearing in order to amend the Central Urban Service Area within the village boundaries.

At our Village Board meeting of July 16, a public hearing was held on the addition of three parcels (157 acres) within the Village to the urban service area. There were no objections made to the amendment. The public hearing followed a recommendation by the Village Plan Commission to amend the village lands to the urban service area. The Plan Commission's recommendation was made after preparing a report about the amendment assisted by RPC staff for McFarland. Copies of the report and map of the proposed amendments are enclosed herein.

The Village is currently reviewing a preliminary plat for 86 lots in one of three parcels proposed to be added to the service area.

It is my understanding that a public hearing at the RPC will probably be scheduled for August 22. If this is incorrect, please let me know.

Sincerely,

Doris J. Hanson
Village President
