SUBJECT: McFarland urban service area amendment.

Dear Mr. Lane:

We have completed our review of the Village of McFarland request to amend the village urban service area boundary and we approve this change to the Dane County Water Quality Plan. The amendment adds 124 acres to the service area including 6 acres of existing development and 14 acres of environmentally sensitive area.

The approval of this revision does not constitute approval of any of the following:

- o private sewage systems pursuant to Chapter ILHR 83, (WI Admin. Code),
- o sewer extension pursuant to Chapter NR 110, (WI Admin. Code),
- o authority to alter the bed or banks of any navigable waterway (Chapter 30, WI Stats.),
- o certification for any wetland alteration (Section 401, Federal Water Pollution Control Act, and NR 103, 299, WI Admin. Code).

Those approvals must be obtained separately from the respective agencies. In addition, storm water management plan development is required for any construction site activity disturbing five or more acres of land pursuant to Chapter NR 216 (WI Admin. Code).

Any person aggrieved by this approval has the right to appeal the decision. Wisconsin Statutes and Administrative Code establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to s. 227.52 and 227.53, Wisconsin Statutes, a petition for review must be filed within 30 days after service of the decision. The respondent in an action for judicial review is the Department of Natural Resources. This notice is provided pursuant to s. 227.48(20), Wisconsin Statutes.

Sincerely,

Charles R. Ledin, Chief
Great Lakes and Watershed Planning Section
Bureau of Watershed Management
