Subject: RE: Four Corners Store soil contamination

Dear Mr. Doug Glaspie, Chairman of the Town of Lincoln,

Good Morning! You're most welcome. Thanks for your email, we will take it under advisement. I will be presenting the Four Corners Tavern case to the DNR Northern Region (NOR) Closure Committee tomorrow, Friday, August 4th, 2017. Are there any road construction or road resurfacing plans that we should take into account with regards to our closure review decisions?

Regards,

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Ralph N. Smith

Subject: Four Corners Store soil contamination

Mr Ralph Smith,
After further review of the situation it is the opinion of the Town of Lincoln that being there is no known record of easement and the area is only maintained by the Town for transportation purposes that the current land owners be responsible for any further obligations concerning the contamination.

We would there for assume that any closure documents would reflect that only the current land owners be responsible for any associated costs or legal responsibility caused by the contamination located on their properties.

Thanks for your time and consideration in this matter.
Doug Glaspie, Chairman of the Town of Lincoln
