Hi Scott,

Thanks for doing this, I think providing the updated closure packet and GIS Registry info (everything, like you said below) and submitting the information via the FTP would be most expedient. There were other concerns submitted via email per the Closure Committee review, and I think those were addressed earlier?

Generally speaking most often firms usually wait the 30-days before submitting the 30-day notification letter to DNR, in case there are comments from the property owner. I would recommend this, unless the property owner signs a letter or sends an email saying he has no issues and the 30-day time period is not needed for him to comment on it.

Thanks again,

We are committed to service excellence.

Ralph – I have completed the notification to Darrin Lulich – “owner” of the right of way property at the Four Corners site. I have received confirmation of the delivery of the notification as well. How would you like me to present this info to you? Just send you the updated closure packet and the added attachment? Or resubmit everything to FTP?

Thank you,

Scott Blado

Scott,

Thanks for the ftp upload of the closure submittal information. I still don't see the 30-day notification to the ROW Holder for Four Corners Store Road, Mr. Darin S. Lulich – see attachment? The interesting note about this site is that no LGUs have ROW holdings for that part of Four Corners Store Road.

We are committed to service excellence.

The site closure submittal for the Four Corners Tavern site has been uploaded to the ftp site for Northern Region. The file is a zipped .pdf file named as "BRRTS #03-04-104167 Closure Submittal". Fees were previously submitted to the program assistant in Antigo, WI.

Thank you,

Scott Blado
