Dear Mr. and Mrs. Peontke:

On December 11, 2020, the DNR notified you of your responsibility to investigate and, as needed, clean
up contamination located at the above-referenced property. A copy of this letter is attached for your
review. As owner of this property you have certain legal responsibilities, as outlined in Section
292.11(3), Wisconsin Stats., also known as the hazardous substances spills law. Section 292.11(3)
states:

- *RESPONSIBILITY. A person who possesses or controls a hazardous substance which is
  discharged or who causes the discharge of a hazardous substance shall take the actions
  necessary to restore the environment to the extent practicable and minimize the harmful effects
  from the discharge to the air, lands or waters of the State.*

Wisconsin Administrative Code chapters NR 700 through NR 749 establish requirements for emergency
and interim actions, public information, site investigations, design and operation of remedial action
systems, and case closure. Wisconsin Administrative Code chapter NR 140 establishes groundwater
standards for contaminants that reach groundwater.
