Hi Ken, I just finished reviewing the Wild Card August 15,2017 Progress Report. I have a couple of items that need to be addressed. I will process your change order this week. If you have any questions, let me know. Thanks, Carrie

Tables
- Each page of each table needs to have a key

- The only acceptable key for exceedances is Bold= ES, Italic = PALs

Figures
- The site map must show all property of the source and off-source affected properties. PIN#s will be needed for these properties and must be included on the site map in the closure pkg. Private and public wells , MWs, PZs and utlilites must all be shown on the site map.

For Future Submittals
- Please submit the change order separate from the report

- An electronic copy (CD) of each report must be submitted to the Department and a copy of the report must be uploaded to the RR FIP site. Size does not matter—see below.
