**To:** Stoltz, Carrie R - DNR  
**Subject:** Wild Card Bar - Turtle Lake - engineering review of Closure Packet

Carrie.

This email follows our phone conversation earlier today.

In February 2019, DNR modified the Closure Packet signature page to require an engineer signature on [all Closure Packets \(https://rr-report.blogs.govdelivery.com/2019/02/07/rr-program-case-closure-form-certification-page-updated/](https://rr-report.blogs.govdelivery.com/2019/02/07/rr-program-case-closure-form-certification-page-updated/)

PECFA then updated the Usual & Customary Cost Schedule by adding a Task CR30

5                      Closure Request                      CR30                      PE review and certification of closure packet                      Site

This task CR30 is described on page 8 of the U&C Task Description.

Please approve CR30 for this site (Odau).

Thanks.
