Hi Ken, I received an answer from Chris on your request. This request is denied. You should use the previously approved variance costs. If you have any questions, let me know. Thanks, Carrie

Carrie.

This email follows our phone conversation earlier today.

In February 2019, DNR modified the Closure Packet signature page to require an engineer signature on all Closure Packets (<https://rr-report.blogs.govdelivery.com/2019/02/07/rr-program-case-closure-form-certification-page-updated/>)

PECFA then updated the Usual & Customary Cost Schedule by adding a Task CR30

5

Closure Request

CR30

PE review and certification of closure packet

Site

This task CR30 is described on page 8 of the U&C Task Description.

Please approve CR30 for this site (Oda).

Thanks.
