SUBJECT: Closure Decision Notice to 899 South Commercial Street, Neenah, WI
Parcel Identification Number: 80203200000
Regarding DNR Site Name: Donaldson's One Hour Cleaners (Former)
Site Address: 110 West Cecil Street, Neenah, Wisconsin
DNR BRRTS Activity #: 02-71-110797

Dear Mr. Kaleka:

The purpose of this letter is to notify you that the closure request for the environmental contamination case submitted for the Donaldson's One Hour Cleaners (Former) site at 110 West Cecil Street in Neenah has been denied. Further investigation and cleanup action for the chlorinated volatile organic compounds (CVOCs) released from historical dry cleaner operations has been requested. A complete case closure request was received in May 2017. (The site is referenced by the location of the source property, i.e. the property where the original discharge occurred, prior to contamination migrating to other properties.) As required by state law, you received notification about the requested closure from the person conducting the cleanup on February 18, 2017 due to the presence of groundwater contamination present at your property listed in the subject line.

Further information on this site can be found by using the Bureau for Remediation and Redevelopment Tracking System (BRRTS) on the Web, and searching the database using the site name or BRRTS ID number (listed above). This database is found at <http://dnr.wi.gov/topic/Brownfields/wrrd.html>. This web page also provides information on how to find further information about the closure and residual contamination, and how to use the map application, RR Sites Map, including the GIS Registry layer, which shows sites closed with residual contamination and continuing obligations.

The Department appreciates your interest in this site. If you have any questions regarding this closure decision, please contact Jennifer Borski at 920-424-7887 or at jennifer.borski@wisconsin.gov.

Sincerely,

DNR BRRTS Activity #: 02-71-110797

Dear Sir or Madam:

The purpose of this letter is to notify you that the closure request for the environmental contamination case submitted for the Donaldson's One Hour Cleaners (Former) site at 110 West Cecil Street in Neenah has been denied. Further investigation and cleanup action for the chlorinated volatile organic compounds (CVOCs) released from historical dry cleaner operations has been requested. A complete case closure request was received in May 2017. (The site is referenced by the location of the source property, i.e. the property where the original discharge occurred, prior to contamination migrating to other properties.) As required by state law, you received notification about the requested closure from the person conducting the cleanup on February 21, 2017 due to the presence of groundwater contamination present at your property listed in the subject line.

Further information on this site can be found by using the Bureau for Remediation and Redevelopment Tracking System (BRRTS) on the Web, and searching the database using the site name or BRRTS ID number (listed above). This database is found at <http://dnr.wi.gov/topic/Brownfields/wrrd.html>. This web page also provides information on how to find further information about the closure and residual contamination, and how to use the map application, RR Sites Map, including the GIS Registry layer, which shows sites closed with residual contamination and continuing obligations.

The Department appreciates your interest in this site. If you have any questions regarding this closure decision, please contact Jennifer Borski at 920-424-7887 or at jennifer.borski@wisconsin.gov.
