

DATE: August 26, 1998

FILE REF: 03-57-002801 &  
02-57-001682

TO: Reedsburg Cleaners Files

FROM: Jennifer Tobias *JT*

SUBJECT: Enforcement Conference with Wayne Butz

Attendance:

Wayne Butz, RP

Greg Konicek, KEY Environmental

Pat McCutcheon, R & R Team Leader

Jennifer Tobias, R & R Hydrogeologist

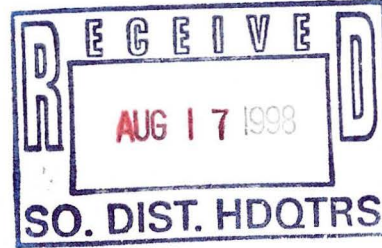

I explained the reason for the conference and the involvement with the adjacent site, Spellman Monument. KEY has been contracted for the Reedsburg Cleaners sites, but they have not began an investigation. The paperwork for the PECFA loan is in and Butz and KEY are ready to begin on a workplan. We agreed the workplan will be submitted to the Department by September 11 and will include a time table for the work to be done.

At the end of the meeting, Konicek inquired about the Dry-Cleaning Fund. McCutcheon explained the current status of the political end of it and told them it would be best to proceed with the notion that they will not be able to access the Dry-Cleaning Fund on a short term basis.

File No. 08080004

Dear Mr. Butz:

As requested, I contacted Ms. Jennifer Tobias from the Wisconsin Department of Natural Resources (WDNR) by telephone on August 12, 1998 in regards to her July 27, 1998 letter to you.

As discussed in our subsequent telephone conversation, she requested that you personally attend the August 26, 1998 enforcement conference at 11:00 a.m. I will also be in attendance. If you cannot make it at that time, Ms. Tobias requests that you contact her directly. If this is the case, please contact me as well.

I am also scheduling a review of the WDNR files on your facility and the Spellman Monument facility.

If you should have any questions, please call.

Sincerely,

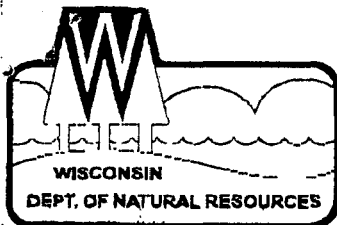

KEY ENGINEERING GROUP, LTD.

  
Gregory A. Konicek, P.G., CHMM  
President

Subject: **Enforcement Conference Scheduled**

Dear Mr. Butz:

On November 15, 1995, and July 31, 1996, the Department notified you of hazardous substance releases on your property at 349 Main Street in Reedsburg. This notification also detailed your responsibilities under the Spill Law according to ch. 292.11 of the Wisconsin Statutes. The Department reminded you of these responsibilities by letter on January 22, 1996 and March 10, 1997. On April 24, 1997, the Department served you a notice of violation through certified mail. Failure to respond to this violation is viewed as a negative action.

An enforcement conference has been scheduled for August 26, 1998 at 11:00 a.m. at the DNR South Central Regional Headquarters, 3911 Fish Hatchery Road, Fitchburg, Wisconsin. A map with directions to our headquarters is enclosed for your convenience.

Please be advised that failure to attend the enforcement conference will result in a recommendation for further enforcement actions to be initiated. Those actions could include a direct referral to the Attorney General's Office seeking a court ordered schedule for completion of the necessary work. You should also be advised that referrals to the Attorney General's Office for prosecution typically result in forfeitures for these violations.

Sincerely,

Jennifer Tobias

Subject: Enforcement Conference

Dear Mr. Butz:

On August 12, 1998, Greg Konicek from KEY Engineering phoned me on your behalf. He informed me that you have retained the services of KEY to investigate the contamination at 349 Main Street in Reedsburg. While the Department is pleased you have taken action to proceed with the investigation, the Department still intends to hold the conference with you on August 26, 1998.

Mr. Konisek indicated that you might not be able to attend at this scheduled time. If this is the case, you must notify the Department at least 48 hours prior to the meeting and reschedule. If you fail to notify the Department that you are unavailable at the scheduled time and fail to attend, the Department will recommend further enforcement actions be initiated. As communicated in my July 27, 1998 letter to you, those actions could include a direct referral to the Attorney General's Office seeking a court ordered schedule for completion of the necessary work. You should also be advised that referrals to the Attorney General's Office for prosecution typically result in forfeitures for these violations.
