[Handwritten signature] ERP

Dear Mr. Farley:

On June 12, 1997 we submitted a Subsurface Investigation Work Plan (Plan) to the Wisconsin Department of Natural Resources (WDNR) for the above-referenced facility. We submitted an amended Plan on September 15, 1997. The field work under that Work Plan was conducted in June and October, 1997.

Based on our investigations to date, we are planning to conduct additional investigations to better define the extent of certain volatile organic constituents located along the northern portion of the subject property. We will advise the Department of our findings when we complete the next round of sampling.

Please do not hesitate to contact me if you have any questions in this regard.

Sincerely,

[Handwritten signature of James E. Huff]

James E. Huff, P.E.
Vice President
