NR 716.15: SITE INVESTIGATION REPORT
NR 716.15 (2): REPORT CONTENTS
(Page 1 of 4)

I.	EXECUTIVE SUMMARY	I-I
II.	INTRODUCTION	II-7
2.1	Topographic Location, Aerial Location, and Site Layout	
2.2	Tax Key Number, Parcel Number, Legal Description and Deed	
2.3	Property Ownership	
2.4	Environmental Professional [40 CFR § 312.10(b)]	
2.5	Status of Underground Storage Tanks	
2.6	Project Background and Notification of Petroleum Contamination	
2.7	Purpose and Scope	
2.8	Report Organization	
III.	SITE HISTORY	III-1
IV.	SOIL REMEDIATION, 2006	IV-
V.	PREVIOUS SITE INVESTIGATION	
VI.	CURRENT SITE INVESTIGATION	VI-1
6.1	Field Soil Sampling and Boring Logs	
6.2	Monitoring Well Construction Reports and Well Development Forms	
6.3	Soil Quality Testing	
6.4	Groundwater Quality Testing	
6.5	Estimation of Hydraulic Conductivity from Sieve Grain Size Analysis	
6.6	Estimation of Hydraulic Conductivity Using Hvorslev's Method	
6.7	Engineering Site Survey	
6.8	Migration of Petroleum Vapors in Surface and Subsurface Environments	
6.8.1	Migration of Petroleum Vapors Through Diffusion Process	
6.8.2	Migration of Petroleum Vapors Through Advection Process	
6.8.3	EPA's Recommended Actions for Addressing Petroleum Vapors	
6.8.4	Screening of Odors for Potential Explosive Conditions	
6.8.5	Preferential Unlikely Pathway for Vapors Movement	
6.8.6	Soil Pathway for Migration of Petroleum Vapors	

BRRTS # 02-41-119925
NR 716.15: SITE INVESTIGATION REPORT
NR 716.15 (2): REPORT CONTENTS
(Page 2 of 4)

VI.	CURRENT SITE INVESTIGATION	VI-1
6.8.7	Evaluation of Intrusion of Petroleum Volatile Organic Compounds (PVOCs) Vapors Through Groundwater Present Below the Building Foundation	
6.8.8	Evaluation of Intrusion of Petroleum Volatile Organic Compounds (PVOCs) Vapors Through NAPL Present Below the Building Foundation	
6.9	Emerging Contaminants or Contaminants of Emerging Concern	
6.10	Utility Investigation	
6.11	Phase I ESA Report, August 31, 2015	
VII.	CLIMTIC, METEROLOGICAL, AND GEOLOGICAL CHARACTERIZATION	VII-1
7.1	Climate and Meteorology	
7.2	Demography	
7.3	Topology of Surface Water Drainage	
7.4	Regional Geology	
7.4.1	Geology of Consolidated Sediments	
7.4.2	Geology of Unconsolidated Sediments	
VII.	CLIMTIC, METEROLOGICAL, AND GEOLOGICAL CHARACTERIZATION	VII-1
7.4.3	Site Geology	
7.5	Regional Hydrogeology	
7.5.1	Hydrogeology of Consolidated Sediments	
7.5.2	Hydrogeology of Unconsolidated Sediments	
7.3	Site Hydrogeology

NR 716.15: SITE INVESTIGATION REPORT
NR 716.15 (2): REPORT CONTENTS
(Page 3 of 4)

VIII. ASSESSMENT OF PETROLEUM CONTAMINATION	VIII-1
8.1 Fate and Transport of Petroleum in Subsurface Environment	
8.1.1 Transport of Petroleum in Unsaturated Zone	
8.1.2 Transport of Petroleum in Capillary Zone	
VIII. ASSESSMENT OF PETROLEUM CONTAMINATION	VIII-1
8.1.3 Transport of Petroleum in Saturated Zone	
8.2 Soil Contamination	
8.2.1 Soil Direct Contact Concerns	
8.3 Groundwater Contamination	
8.3.1 Residual Contaminants Levels Protective of Groundwater Quality	
IX. REMEDIAL ACTION PLAN	IX-1
9.1 Evaluation of Remedial Alternatives for Soil Cleanup	
9.1.1 Excavation and Thermal Treatment	
9.1.2 Vapor Extraction	
9.1.3 Excavation and Aeration	
9.1.4 Naturally Occurring Bioremediation/Biodegradation as a Remedial Action Option for Remediation of Unsaturated Contaminated Soils	
9.1.5 Excavation and Landfill Disposal	
9.1.6 Proposed Approach (Cap Plan and GIS Registry) for Soil Cleanup	
9.2 Evaluation of Remedial Alternatives for Groundwater Cleanup	
9.2.1 Removal of Free Product, Pumping and Disposal of contaminated Water	
9.2.2 Natural Attenuation for Bioremediation/Biodegradation of Low Levels of Contamination in Groundwater	
9.2.3 Proposed Approach (Natural Attenuation and GIS Registry) for Groundwater Cleanup

X.	CONCLUSIONS AND RECOMENDATIONS	X-1
	10.1 Conclusions	
	10.2 On-site Contamination	
	10.3 Off-site Contamination	
	10.4 Recommendations for Corrective Actions	
	10.5 Limitations of Data	
XI.	NR 712.09: SUBMITTAL CERTIFICATION	X-1
	NR 712.09 (3) (a): Certification of Professional Engineer	
	NR 712.09 (3) (b): Certification of Professional Geologist	
	NR 712.09 (3) (c): Certification of Scientist
