Remarks

Jim,

① Enclosed is letter explaining the correct addresses and information regarding the RP, Property owner, etc., for the letter.

② Copy of the off site test which I can submit now that I have access permission.

③ Also send me a copy of the letter

④ FAX # 447-4990

"Your solution to Environmental pollution"

Thanks

November 22, 1997

Mr. James Delwiche
DNR

Sent VIA FAX To: James Delwiche 229-0810

Subject: ERP FID# 241437790 Key Products Former Location at 8627 & 8633 W. Lynx.

Dear Mr. Delwiche,

I wanted to give you the correct addresses and information to clarify the letter for Mrs. Claudia Gehl.

First, Mrs. Gehl leased the property to Key Products Inc at 8627 & 8633 W. Lynx. Key Products Inc is now located at 10600 W. Glenbrook Ct., Milwaukee, WI 53224 contact person is Richard Meinberg at 355-5399. Mrs. Gehl's attorney is Mr. James Vollmar at 1535 East Racine Avenue, Post Office Box 527, Waukesha, WI 53187-0527, phone 542-4217 and FAX 542-1993.

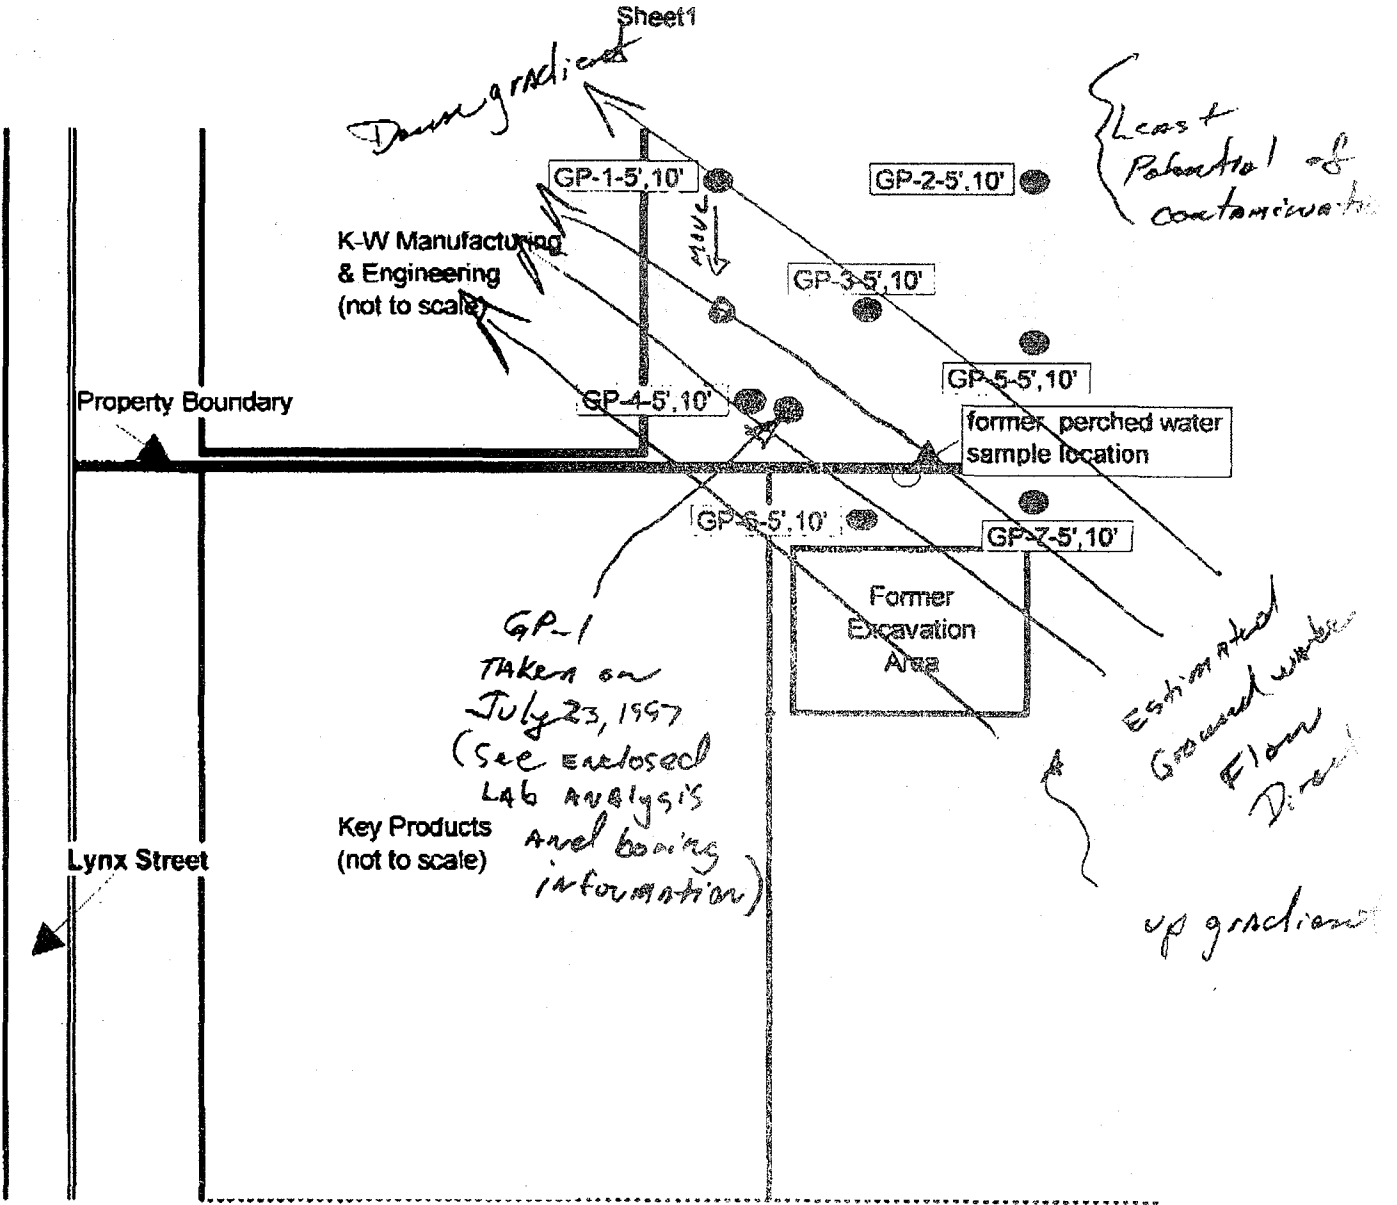

Key Products is the responsible party and is required to conduct the off-site investigation and remediation. With the information we have there is no more work that can be conducted on the 8627/8633 property. Most of the contamination has migrated off site. See enclosed analysis of the sample taken off site in July. I now have access permission and can report this additional information. The information shows contamination at 5 feet and very little at 10-15 feet. Also, no perched water was seen at the 5 foot level which tells me that the perched water layer may be a pocket.

I hope this clears some of this confusing case. The letter indicating that no more work can be done to the property at 8627/8633 W. Lynx would give Mrs. Gehl the opportunity to sell the property and maintain the off-site responsibility with Key Products.

Any questions call me at 447-4700.

Sincerely,

Don Gagas

ANALYTICAL AND QUALITY CONTROL REPORT

Mr. Don Gagas
TAYLOR INDUSTRIAL VAC, INC
2711 West Townsend
P. O. Box 16579
Milwaukee, WI 53216

07/29/1997

Job No: 97.06980

Page 1

Enclosed are the Analytical and Quality Control reports for the following samples submitted for analysis:

Sample Number	Sample Description	Date Taken	Date Received
258651	GP-1-5	07/23/1997	07/24/1997
258652	GP-1-10	07/23/1997	07/24/1997
258653	GP-1-15	07/23/1997	07/24/1997

Soil results are reported on a dry weight basis. The above sample(s) may have a result flag shown on the report. The following are the result flag definitions:

A = Analyzed/extracted past hold time	B = Blank is contaminated
C = Standard outside of control limits	D = Diluted for analysis
F = Sample filtered in lab	G = Received past hold time
H = Late eluting hydrocarbons present	I = Improperly handled sample
J = Estimated concentration	L = Common lab solvent and contaminant
M = Matrix interference	P = Improperly preserved sample
Q = Result confirmed via re-analysis	S = Sediment present
T = Does not match typical pattern	W = BOD re-set due to missed dilution
X = Unidentified compound(s) present	Z = Internal standard outside limits
