KEY ENGINEERING GROUP, LTD.
File No. 0712007

Dear Mr. Krieger:

The purpose of this letter is to request permission to install an additional groundwater monitoring well on your property. Key Engineering Group, Ltd. is requesting this permission on behalf of Key Products, Inc., which, as you are aware, has been conducting investigation activities in the vicinity of their property. The Wisconsin Department of Natural Resources is requiring Key Products, Inc. to conduct additional investigation, some of which requires access to your property. The proposed monitoring well location is depicted on the attached figure.

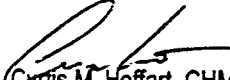

The work would consist of the drilling of a 2-inch diameter groundwater monitoring well installed to approximately 15 to 20 feet. The monitoring well would be finished with 1-foot diameter steel cover set flush with the ground surface. The work would take approximately one hour to complete. Following installation, groundwater samples would likely need to be collected from the monitoring well periodically for a minimum period of one year (this work only involves hand-held equipment).

If this is acceptable, please sign the attached *Property Access Permission Form* and return a copy to us. Please do not hesitate to call if you have any questions or concerns.

Thank you for your continued cooperation.

Sincerely,

KEY ENGINEERING GROUP, LTD.

File No. 0712007

Dear Ms. Gorecki:

The purpose of this letter is to request permission to install one groundwater monitoring well on a property which we understand you own (8620 West Kaul Avenue). Key Engineering Group, Ltd. is requesting this permission on behalf of Key Products, Inc. The proposed work is associated with an investigation of contamination detected on the Key Products, Inc. property, which is being required by the Wisconsin Department of Natural Resources. The proposed monitoring well location and our understanding of the approximate property boundaries in the vicinity of the former Key Products, Inc. property are depicted on the attached figure.

The work would consist of the drilling of a 2-inch diameter groundwater monitoring well installed to approximately 15 to 20 feet. The monitoring well would be finished with 1-foot diameter steel cover set flush with the ground surface. The work would take approximately one hour to complete. Following installation, groundwater samples would likely need to be collected from the monitoring well periodically for a minimum period of one year (this work only involves hand-held equipment).

If this is acceptable, please sign the attached *Property Access Permission Form* and return a copy to us. Please do not hesitate to call if you have any questions or concerns.

Thank you for your cooperation in this matter.

Sincerely,

KEY ENGINEERING GROUP, LTD.

File No. 0712007

Dear Mr. and Ms. Kraussel:

As discussed during our recent telephone conversation, the purpose of this letter is to request permission to install one groundwater monitoring well on your property addressed 8608 West Kaul Avenue on behalf of Key Products, Inc. The proposed work is associated with an investigation of contamination detected on the Key Products property, which is being required by the Wisconsin Department of Natural Resources. The proposed monitoring well location and our understanding of the approximate property boundaries in the vicinity of the former Key Products property are depicted on the attached figure.

The work would consist of the drilling of a 2-inch diameter groundwater monitoring well installed to approximately 15 to 20 feet. The monitoring well would be finished with 1-foot diameter steel cover set flush with the ground surface. The work would take approximately one hour to complete. Following installation, groundwater samples would likely need to be collected from the monitoring well periodically for a minimum period of one year (this work only involves hand-held equipment).

As discussed, if this is acceptable, please sign the attached *Property Access Permission Form* and return a copy to us. Please do not hesitate to call if you have any questions or concerns.

Thank you for your cooperation in this matter.

Sincerely,

KEY ENGINEERING GROUP, LTD.
