KEY ENGINEERING GROUP, LTD.
File No. 0712007

Dear Ms. Grundl:

Pursuant to your July 13, 2000 letter conditionally approving the May 23, 2000 *Site Investigation Work Plan* and May 30, 2000 *Site Investigation Work Plan Addendum*, the purpose of this letter is to request an extension to the site investigation completion deadline (90 days from receipt of the July 13, 2000 letter) for the above referenced site. This extension is being requested since access has not been obtained on one adjacent property. Access has been obtained verbally for the K-W Manufacturing and Engineering property and in writing for the D&K Cylinder Repair property (see attached letter). Considering the difficulties obtaining access and that you have forwarded letters to the adjacent property owners on July 20, 2000, Key Products, Inc. requests that the investigation deadline be extended to 90 days from the date that access is obtained.

Please respond to confirm that this extension is acceptable.

Sincerely,

KEY ENGINEERING GROUP, LTD.

Subject: Access Request, former Key Products, 8627-8633 West Lynx Avenue,
Milwaukee, Wi. FID#241437790

We received your letter and also the letter from Key Engineering Group, we are granting you permission to access the property at 8608 W Kaul Ave to check for the contamination that may be migrating to this address. We have a renter in our building and would appreciate it if you would let him know when you are going to be going on the property. The renter's name is D & K Cylinder and their phone number is: 414-353-8473. We are sorry we did not sign this sooner but we went on vacation and it totally slipped our mind. If you have any questions give Ralph or myself a call. Our Phone number is 262-569-9652.

Sincerely,

Joan Kraussel
