Hello Terry,

Attached are the well abandonment forms for the work that we completed for you. I'll mail the originals to you.

Sincerely,

Duane

Hello Terry,

We did complete the work and you can return the cones to the Village. Thank you for helping us out with that.

Sincerely,

Duane

Hello Duane,

Pleasure finally meeting you the other day. I understand your crew was scheduled to be onsite on Tuesday and then again on Thursday to finish the well work/abandonment. Please inform me when that onsite work has been completed so I may return the traffic cones to the Village of Oxford.

Thank you for helping me complete the remediation project at the Winner's Circle in Oxford.

Hello Terry,

Attached is the revised proposal for the abandonment of the monitoring wells. We will charge for the quantities related to the well abandonments including the total footage of wells abandoned and the number of asphalt patches needed for the flush mount well protectors. As we discussed, you will provide the road signs for us. I also removed the site cleanup charge.

Let me know if you have any questions regarding this submittal. I can have a drilling crew on site the week of April 18, 2022 (weather permitting).

Sincerely,

Duane

Dear Mr. Berndt:

As authorized, we completed the abandonment of three monitoring wells and four piezometers for the subject project. We do not have the well and piezometer installation information for completing Section 3 of the enclosed copies of WDNR Form 3300-005, specifically the original well construction date, lower drillhole diameter, or casing depth.

The abandonment procedure consisted of removing the existing steel flush-mount well protectors, cutting or unthreading the PVC casing to at least 30 inches below ground surface, and filling the remaining PVC with 3/8-inch bentonite chips. We placed either asphalt cold patch material or topsoil at the surface of each well or piezometer to match the surrounding surface material.

We appreciate this opportunity to provide these services to you. If you have any questions concerning this submittal or if we could be of further assistance to you, please contact us.

Respectfully submitted,
