**Subject:** Perry's Corners closure revisions needed  
**Attachments:** GIS Packet.pdf; Attachment A.PDF; Attachment B.PDF

Hi Mitch, below are the revisions needed for Perry's Corners. You must re-submit a complete packet (hard copy & electronic) of the entire closure packet. Just a thought... You should think about referencing and including David Swimm's analysis for this site. David's memo, charts and graphs add a lot of insight of what's is really going on with this site. This was used to make decisions that helped move this site towards closure. \*\*\* WHEN LABELING/NAMING ALL TABLES AND FIGURES-YOU MUST LABEL/NAME AS PER THE INSTRUCTIONS IN THE GIS PACKET. This is for consistency state-wide. I will give you a call shortly to set up a meeting to discuss these changes. Thanks, Carrie

The administrative review has been reformed and is complete

### GIS Packet

Page 1: Parcel ID # is incorrect (see attached)

Page 3 of 13 under 2Bii: fix grammar (see attached). What you are stating does not make sense. \*\* note new NR 800 guidance is out -see RR page

Page 11 of 12 attachment G chart for notifications: D & E need to have residual soil contamination boxes checked (see attached)

Page 12 of 12 Please resign and date signature page (see attached)

### Attachment A

Table of Contents (A2). Must match the numbering on the figures (see attached)

Figure A2b: delete extra number (see attached)

Figure A3: delete extra number (see attached)

### Attachment B

Figure B1b: Witkowski needs property lines and needs to be labeled Witkowski, not new owner (see attached)

Figure B2a: label DC and soil RCL exceedances and correctly title (see attached)

Figure B2b: Need to label "structural impediment" & redo the residual contamination with contour lines for D.C. and soil RCLs respectively. Need single contour lines for each

Figure B3a1: label DC & soil to GW RCL exceedances, lateral & vertical extent of contamination, areas of remediation (excavation), buildings with basements. See GIS packet instructions and attachment

Figure B3a2: label DC & soil to GW RCL exceedances, lateral & vertical extent of contamination, areas of remediation (excavation), buildings with basements. Label x-section B-B. See GIS packet instructions and attachment

Figure B3b: label ES & PALs exceedances and correctly label figure per GIS instructions (see attached)

Figure B3c: label correctly. Should be groundwater flow direction (see directions in GIS pages and attached)

Figure B5: need to label each page (see attached)

### Attachment C

Figure C2-no records of waste disposal were submitted (see attached) and when you submit the records, please label each page correctly

**Attachment D**

No maintenance plan-how do you plan to address D.C soils and soils >GW RCLs? (see attached)

**Attachment F**

Figure F1-please label F1 (see attached)

Figure F3 -please label F3 (see attached)

**Attachment G**

Table of Contents: must match the labeling (i.e. if you label something G1, G2, G3, ect-you must call each page out in the TOC)

Figure G1-please label G1 (see attached)

Figure GA 1- has extra label CI page (see attached). This needs to be labeled correctly. Label deed (see attached)

Figure GB1- has extra label CI page (see attached). This needs to be labeled correctly. Label deed and signature page also ( see attached)

Figure GC-(**ENTIRE SECTION**) Needs to be labled correctly (see attached)

Figure GD- has extra label CI page (see attached). This needs to be labeled correctly (**ENTIRE SECTION**)

Figure GE- Figure GC-(**ENTIRE SECTION**) Needs to be labled correctly (see attached). \*\*\* Also need to include confirmation email receipt from DOT and this should also be correctly labeled.

**We are committed to service excellence.**
