Subject: Olson Corners Residential Analytical Results
Attachments: April 2020 Residential Letters.pdf

Hi Carrie and William,

Attached are the letters I'll be sending to residents whose drinking water we sample for the Olson Corners site. It is an update for the last round of sampling completed March 24, 2020.

William, I want to forward to you concerns shared with me by Colton Cappelle, the resident adjacent to the Olson Corners site. While the results show that benzene exceeding the NR 140 PAL is present in their water supply, he also mentioned to me that they have some other issues with their water, including turbidity and odors, though he couldn't describe what type of odors he was observing. I thought you should be aware.

Please feel free to contact me with questions or concerns.

Thank you,

Anna Beckman

Gilman, WI 54433

Dear Glen:

The analytical results for the water sampled collected from your residential water supply well on March 24, 2020 are shown below. The results show that there were no detections of any of compounds above any Preventive Action Limit or Enforcement Standards established in Wis. Adm. Code NR 140.

Sampling Date	Benzene (ug/L)	Ethylbenzene (ug/L)	MTBE (ug/L)	Naphthalene (ug/L)	Toluene	Total Trimethylbenzenes	Xylenes
10/23/2019	ND	ND	ND	ND	ND	ND	ND
11/20/2019	ND	ND	ND	ND	ND	ND	ND
3/24/2020	ND	ND	ND	ND	ND	ND	ND

ND: No Detection

ug/L: micrograms per liter

Please feel free to contact me or Carrie Stoltz (WDNR) at (715)365-8942 or Carrie.Stoltz@wisconsin.gov if you have any questions regarding your sampling results.

Sincerely,

CEDAR CORPORATION

Colton Capelle
W14416 Scott Ave
Gilman, WI 54433

Dear Colton:

The analytical results for the water sample collected from your residential water supply well on March 24, 2020 are shown below, as well as the results from previous sampling dates. The results show that Benzene was detected at a concentration above the NR 140 Protective Action Limit. However, there were no exceedances of any compounds above the drinking water Enforcement Standard established in Wis. Adm. Code NR 140.

Sampling Date	Benzene (ug/L)	Ethylbenzene (ug/L)	MTBE (ug/L)	Naphthalene (ug/L)	Toluene	Total Trimethylbenzenes	Xylenes
10/23/2019	<i>0.94</i>	ND	1.0	ND	ND	ND	ND
11/20/2019	<i>1.1</i>	ND	ND	ND	ND	ND	ND
3/24/2020	<i>1.7</i>	ND	1.1	ND	ND	ND	ND

Values in italics indicate an exceedance of the NR 140 Protective Action Limit

ND: No Detection

ug/L: micrograms per liter

Please feel free to contact me or Carrie Stoltz (WDNR) at (715) 365-8942 or Carrie.Stoltz@wisconsin.gov if you have any questions regarding your sampling results.

Sincerely,

CEDAR CORPORATION
