Carrie,

Attached is the lab schedule. I guess it didn't save with the rest of the PDF. Sorry about that! I talked with Mitch and it sounds like the lab will get us the results without rush charges. Everything should be covered in this deferment.

Thanks,

Hi Anna, I do not see the lab schedule with the U&C. I assume you are requesting full VOCs 524.2? I thought you were sending an email from the lab re: rush sampling charges

Hi Carrie,

Thanks for the update! We can certainly collect another sample but the soonest we could get the sample to the lab would be Monday or Tuesday next week. Would PECFA cover rush lab charges? I know they typically don't, but there would be no way to get the results by the 26th without a rush.

Please let me know, thanks!

Hi Anna and Mitch. Today the NOR Closure Committee discussed the Perry's Corners site and determined that since a closure request has been recently submitted they will review the closure next Friday (6/26) and will determine if MWs can be abandoned, however, they would like to see another PW sample taken from the Glenn Webster/Witkowski PW. This is the PW owned by Glenn Webster, but used by Witkowski. Full VOCs Method 524.2. I would recommend submitting a cost request ASAP! I am in today until 3PM, out Friday, back Monday. Thanks and let me know if you have any questions. Carrie
