Subject: RE: Leo Tucker Auto Salvage Closure Request

Evan,

Leo Tucker Auto Salvage was closed by the Closure Committee last week. Since the wells have already been abandoned, I can issue the final closure letter after a few minor changes are made to the closure packet:

- FID No.: 438109540
- WTM coordinates should be:
 - X: 675721
 - Y: 527871
- Figures:
 - B.2.a & B.2.b – Missing label of Road.
 - B.3.d – Need verbiage on Map indicating status of MW
- Tables:
 - Place a line in the tables (as applicable) indicating when the remedial excavation took place.

Just submit a complete, revised packet with the above changes (electronic copy only – I will print pages for the hard copy). If you have any questions, just let me know.

My workstation has permanently transferred to Oshkosh now, so I can be reached at the numbers below.

Thanks,
Dave

Evan,

For the e-copy, I would prefer an email if possible. Just mail the hard copy to my attention at: 2984 Shawano Ave., Green Bay, WI 54313.

Will the closure fee be with the hard copy, or is that being sent separate?

Thanks,
Dave

Good Morning Dave,

I am having the closure compiled for the Leo Tucker Auto Salvage site in Marinette County finalized and wanted to know how you prefer to receive the closure packet. For an electronic copy, do you prefer an email or a CD? We have an FTP system but I know it is a real pain to upload and download folders within the system. How about a hard copy? Either way just let me know your preference and we will be sending it out shortly.

Thank you,
