Subject: "Work Plan for Off-site Well Installation and Sediment Sample Collection" – approval
DB Oak Facility, 700-710 Oak Street, Fort Atkinson, WI DNR# 03-28-176509

Dear Mr. McClure:

Thank you for having Shannon & Wilson, Inc. (S&W) send in the November 12, 2015 work plan for well installation and sediment sampling, and the associated fee for the plan review. The work plan is approved.

This approval is for the installation of the additional recommended wells and for sampling of sediment. This is not an approval of the findings and conclusions stated in the work plan.

Please have S&W proceed with the project planning and implementation, and have them contact me with the schedule for the field work so I may have an opportunity to observe the work.

Sincerely,

Jeff Ackerman
Hydrogeologist
