Subject: Matthews Property, BRRTS # 02-11-176566

Good Afternoon Stacy,

The work at the Matthews Property, located at the southwest corner of County Road E and Newell Road, Town of Scott, has been completed. The groundwater monitoring wells were sampled a second time and properly abandoned this month. The final report has been uploaded to our database, BRRTS on the Web (BOTW).

- Volatile organic compounds were not detected in any of the groundwater samples.
- Metals were not detected exceeding WI preventive action limits (PALs) in any of the groundwater samples.
- Methylene chloride was detected in the equipment blank. This is a common lab contaminant.

If you have any questions, you may contact me by phone or email.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
