RE: Bid Deferral Request
Hugo Speaker Property
6832 US Highway 18
Mount Ida, Wisconsin
PECFA No.: 53809-9640-32

Dear Ms. DiMaggio:

Based on our phone conversation on May 14, 2018, General Engineering Company (GEC) is scheduled to perform drilling on the above mentioned property and on the adjoining property to the northwest of the subject site on May 21 and 22, 2018. However, since both these properties are now owned by different parties than the original work was performed under, each property will require the completion of an access agreement for completion of the work. Therefore, GEC, is requesting funds for a regulatory correspondence and the completion of two access agreements. The estimated cost of the bid deferral is \$932.82. The most recent Usual and Customary Standardized Invoice (#23), utilized to estimate costs, is included as an attachment to this correspondence.

Please do not hesitate to contact us with any questions.

Respectfully submitted,

GENERAL ENGINEERING COMPANY
