Dave,

The closure committee has reviewed the request for closure. An official response to the closure request will not be provided until the closure fees and lien process has been finalized. However, given the short timeframe to the PECFA sunset, the department is authorizing the abandonment of all monitoring wells on-site.

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

Dee Lance

FYI, I am working to get the lien completed and closure fees satisfied. This document was forwarded to Adrian last night. Anything you can do to move the review forward to allow well abandonment would be greatly appreciated.
