Dear Mr. Murphy:

On December 23, 1997, Dean Jacobsen of Harenda Enterprises, Inc., on behalf of City Wide Insulation Co., Inc., notified the Wisconsin Department of Natural Resources (DNR) that petroleum contaminated soil had been detected during underground storage tank removal at the property described above. On February 17, 1998, the DNR sent a letter to City Wide Insulation Co., describing their responsibility to address the soil contamination.

Emails received by your consultant, United Engineering Consultants, Inc., on January 30, 2015, July 31, 2015, December 10, 2015, January 30, 2016, July 8, 2016, and July 30, 2016 indicated that a closure request would be submitted soon after the date of the respective email. To date, a closure request has not been received.

By October 20, 2016, please inform the Department in writing of your intentions to bring this case to closure. Keep in mind that the Department can pursue enforcement actions if you do not respond to this request for information.

Your prompt attention to this request is appreciated. If you have any questions, please contact me in writing at the letterhead address or by telephone at (414) 263-8589. I can also be reached by email at Riley.Neumann@wisconsin.gov.

Sincerely,
