Milwaukee, Wisconsin 53212-3128

Subject: Change Order Request for additional
Site Investigation (SI) Activities
City Wide Insulation Company
2159 S. 116th Street
West Allis, Wisconsin 53227
BRRTS No. 03-41-182126
PECFA No. 53227-1093-59
UEC Project # 98025-2

Dear Mr. Neumann:

Per your request, United Engineering Consultants, Inc. (United) has prepared a change order request to perform additional Site Investigation (SI) activities at City Wide Insulation Company. The facility is located at 2159 S. 116th Street in West Allis, Wisconsin.

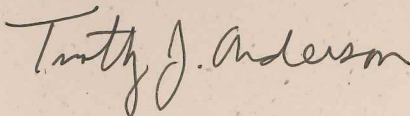

United submitted to the Wisconsin Department of Natural Resources (WDNR) an SI report in November of 2016 and a Case Closure – GIS Registry submittal in January 2017. In your February 10, 2017 letter you indicated the site investigation was not complete and additional site investigation activities would be required to achieve site closure.

The additional site investigation activities include the sampling and analysis of MW-1 for the presence of Petroleum Volatile Organic Compounds (PVOC) and Naphthalene and the advancement of two (2) soil borings north and northwest of the former Underground Storage Tanks (USTs). These borings will be advanced adjacent to the southeast corner of the building and the sanitary and potable water service (See Figure-Proposed Soil Boring and Vapor Sample Location Map). Collected soil samples will be analyzed for the presence of PVOC and Naphthalene.

In our subsequent telephone conversation you requested that soil vapor sampling and analysis for the presence of Oxygen, Carbon Dioxide and Methane be performed at various depths in the boreholes. Based on the predominant presence of cohesive soils, we recommend performing a sub-slab vapor test at the southeast interior corner of the building in lieu of the exterior soil vapor sampling and analysis (See Figure-Proposed Soil Boring and Vapor Sample Location Map).

A summary of the current Usual and Customary Costs is included on the attached Usual and Customary Standardized Invoice #21. On the basis of the requested scope of services, the cost for the additional site investigation activities will be **\$4689.49**. Should you have any questions regarding this change order request please contact us at 262-785-1447.

Respectfully submitted,
UNITED ENGINEERING CONSULTANTS, INC.

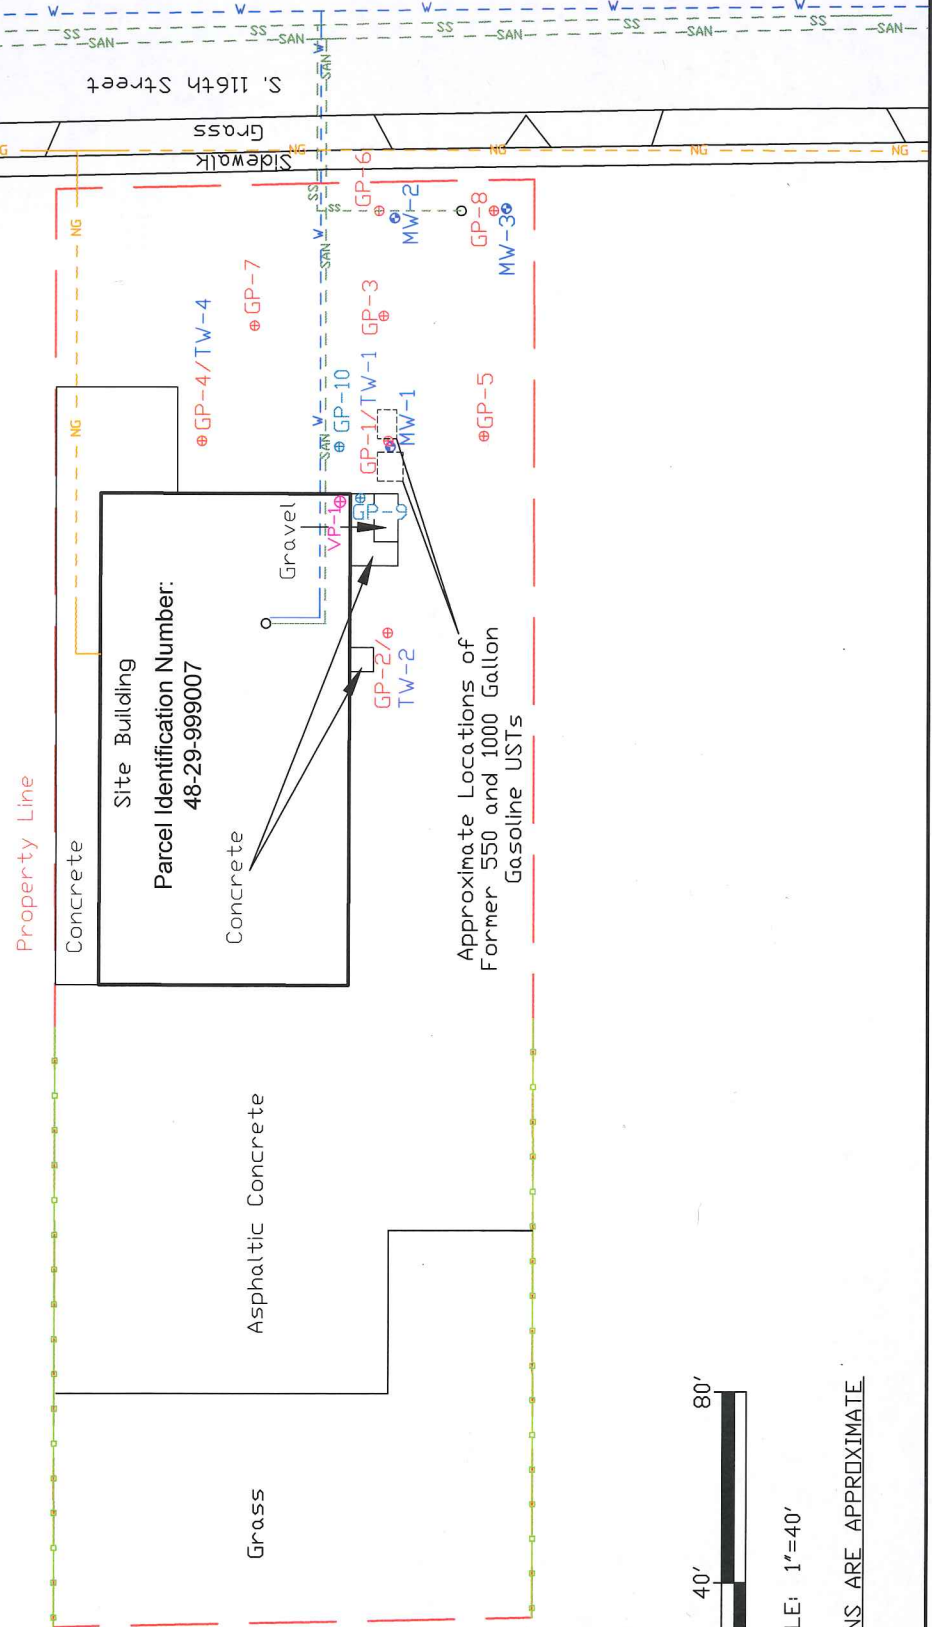

Timothy J. Anderson, P.E.
Principal
