Dear Mr. Dodulik:

The Department has received three site investigation bid proposals prepared for the above-referenced site in response to your requests for site investigation proposals. On January 10, 2013, you notified the Department of your selection of SCS Engineers (SCS) and their proposed plan to perform site investigation activities at the site. The bid proposal submitted by SCS included a cost estimate shown on the Reimbursement Cost Detail Linking Spreadsheet Form. However, the bid proposal did not include the required bid summary spreadsheets (Form 4400-233) which provide a breakdown of proposed costs. The Department cannot consider SCS's proposal without the detailed cost estimate. Please ask SCS to complete the form which can be found on our website at <http://dnr.wi.gov/files/PDF/forms/4400/4400-233.zip> and submit the completed form to me at the letterhead address or at [nancy.ryan@wi.gov](mailto:nancy.ryan@wi.gov).

The Department will consider approving your consultant selection as required by DERF program requirements once this information has been received. Please contact me at (414) 263-8533 if you have any questions about this request.

Sincerely,
