Dear Mr. Dodulik:

The Wisconsin Department of Natural Resources (Department) recently received your request to hire SCS Engineers (SCS) as your environmental consultant for site investigation activities at the above-referenced site. The Department approved that request in a letter dated March 20, 2013 and requested that SCS revise their work plan and cost estimate to include several additional tasks. SCS has submitted a revised site investigation proposal and cost estimate. After careful review of the submitted proposal, the Department approves the site investigation proposal and associated cost estimate.

The cost approval for these site investigation activities is \$36,282 for consulting and \$12,711 for sub-contractors, for a total of \$48,993.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions or concerns regarding the content of this letter, please contact me at (414) 253-8533.

Sincerely,

Nancy D. Ryan, Hydrogeologist
Bureau for Remediation and Redevelopment
