SUBJECT: Dry Cleaner Environmental Response Fund
Change order - Approval of Interim Action costs
Speedy Lube (Former Queens Way Cleaners) site, 117 E. Capitol Drive, Milwaukee, WI
WDNR BRRTS # 02-41-182420 FID#241081280

Dear Mr. Dodulik:

The Wisconsin Department of Natural Resources (Department) has received a scope of work and cost proposal to conduct interim actions at the above-referenced site. The proposal was submitted on your behalf by Betty Socha, SCS Engineers. Activities to be performed include, Task 1. installation of a sub-slab depressurization System with documentation, Task 2. confirmation air monitoring and Task 3. Capping of source area. After review of the submitted proposal, the Department approves the activities Task 1 and Task 2 and associated costs.

The cost approval for these site investigation activities is \$5,628 for consulting fees and \$3,225 for sub-contractors, for a total of \$8,853.

At this time, the Department is not approving costs proposed to cap the source area. We are postponing approval of this activity until we can discuss further options with your consultant. At this time, you may move forward with the interim actions approved as Tasks 1 and 2.

Please be aware that you are required to comply with all applicable statutes and administrative rules including the NR 700 series, Wisconsin Administrative Code, hazardous waste management and wastewater discharges.

This approval does not guarantee the reimbursement of costs under the Dry Cleaner Environmental Response Program. Final determination regarding the eligibility of costs for reimbursement will be made at the time of claim review.

If you have any questions or concerns regarding the content of this letter, please contact me at (414) 253-8533.

Sincerely,

Nancy D. Ryan, Hydrogeologist
Bureau for Remediation and Redevelopment
