RE: **Request for Site Update**

**Commerce # 53210-2531-02-A DNR BRRTS # 03-41-184166**  
Autoquip (aka Glenn's Service Station), 3302 W. Center St., Milwaukee

Dear Metroplex:

The Wisconsin Department of Commerce (Commerce) is requesting information regarding activities associated with petroleum contamination at the site referenced above. On June 19, 2007, the Department of Natural Resources (DNR) determined that, based on the limited site characterization conducted to date, this site appears to be a "low" to "medium" risk site and, consequently, DNR transferred regulatory jurisdiction and the associated case file to Commerce.

Commerce requires that you submit any additional information and a plan to fulfill your responsibility to address the petroleum contamination. Under current regulations, many sites require little or no cleanup actions after adequate characterization and risk assessment are performed.

**Within 30 days of the date of this letter, please inform Commerce in writing of your intentions to bring this case to closure.** Please be aware that periods of inactivity and non-compliance can affect PECFA eligibility (if applicable). Specifically, all work conducted and interest on any outstanding PECFA loan amount after December 31, 2006 is ineligible for reimbursement. To reestablish PECFA eligibility, you must contact Renee Dickey, Senior PECFA Program Specialist, at (608) 264-8765 to address unfulfilled reporting requirements. Commerce can pursue enforcement actions if you do not respond to this request for information.

Your prompt attention to this request is appreciated. If you have any questions, please contact me in writing at the letterhead address or by telephone at (414) 357-4701.

Sincerely,

A handwritten signature in black ink that reads "Lee R. Delcore". The signature is written in a cursive, flowing style.
