Mr. James Carboni  
Wire and Metal Specialties Company  
4021 South Kinnickinnic Avenue  
St. Francis, Wisconsin 53235

SUBJECT: Request for closure of a spill, Wire and Metal Specialties Company, 4021 South Kinnickinnic Avenue, St. Francis, Wisconsin. BRR-SPILL FID#241039920.

Dear Mr. Carboni:

At the request of your environmental consultant, Key Environmental Services, Inc., (KEY), we have reviewed the referenced case file closure. Based on the information presented, we are unable to close this case at this time, because the degree and extent of contamination has not be defined.

Please define the contamination at this site, including determining if groundwater is impacted. If it can be demonstrated, based on the site investigation data, that the contamination remaining at the site has not and will not in the future impact groundwater, you may then again request closure. If you have any questions regarding this letter, you may contact me at (414) 263-8589.

Sincerely,

Gina Keenan  
Hydrogeologist
