Subject: Erfurth's Citgo - Primary Closure Request (Variance Request) - Mt. Vernon, WI (BRRTS: 03-13-187588) (PECFA #: 53593-9470-88)
Date: Friday, April 24, 2020 8:36:13 AM
Attachments: [image001.png](#)

METCO is requesting a variance for completion of the Primary Closure Request for the above-mentioned site located at 1688 Washington Street in Mt. Vernon, Wisconsin. This will include costs to complete the "Primary Closure Request" for the above site which includes site history, several off-site properties along with private well sampling events, and the site was also tied with the Anderson Property for part of the projects history. The review of entire site file with information and data going back to 1998, compiling of all site data into updated tables and maps and organizing the site history has depleted the approved reporting costs. *We are requesting a variance in the amount of \$1,317.82 (14 hours @ \$94.13/hour) to complete the closure request.*

Also, we have one additional off-site notification to complete as we only requested six but there are seven total continuing obligation packets (off-site). So we are also requesting U&C costs for 5/CR20 (\$229.39).

Any questions please call or email.
Thanks,

Jason Powell
