Subject: RE: variance request

Gina,

Per our conversation this morning please ask METCO to submit a request the covers the following items:

- 1) Vapor samples from the Arlene's Inn property.
- 2) Abandonment of all unused private wells within the Arlene's Inn plume.
- 3) Replacement of the potable well at the property to the north of Arlene's Inn (Don's Repair). **The driller needs to consult with the private water section of the Drinking and Groundwater program to determine appropriate well construction requirements.**
- 4) Sampling of all private wells in the vicinity of the Arlene's Inn plume, including the Arlene's Inn well and the new well installed at Don's Repair.

Thank You

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
